TBR LIMITED WARRANTY

GALAXY TBR LIMITED WARRANTY

This Limited Warranty/Adjustment Policy provides for tire replacement under certain specified conditions. This policy applies to all Galaxy Radial Truck tires produced after Jan 1, 2019 and used in normal highway service displaying warrantable conditions. There is no warranty for tires that wear out, fail or become unserviceable because of neglect or mistreatment. It is essential that you adhere to all standard safety and maintenance practices and that you carefully read the terms and conditions defined in this Warranty.

Yokohama Off-Highway Tires America, Inc. (YOHTA) hereby warrants that every new Galaxy Radial Truck tire is free from defects in workmanship and material for the life of the original tread of the new tire less 2/32". The life of the original usable tread ends when the tire has worn down with only 2/32" remaining. Once the tread is worn down to the top of the built-in "wear indicators" (wear indicators are found in the tread grooves molded at 2/32"), the tire is considered fully worn out regardless of its age or mileage.

Warranty Eligibility

This policy applies to the original consumer/owner or Yokohama Off-Highway Tires America and its authorized dealers. Eligible tires must bear the Galaxy Brand name and a complete Department of Transportation (D.O.T.) serial identification number and operated in normal highway service. Eligible tires must be on the vehicle on which they were originally installed, in conformance with the vehicle manufacturer's recommendations.

WHAT IS COVERED UNDER THIS WARRANTY AND FOR HOW LONG: Prorated Adjustment

If a defect in workmanship and materials is found in any Galaxy Radial Truck tire after the first 2/32" of the original tread, a credit will be given toward the purchase of a comparable new Galaxy tire in proportion to the original usable tread remaining on the returned tire to the original usable tread of the new tire. Applicable taxes on the new tire and costs of mounting and balancing services will be borne by the owner. Adjustments on out-of-balance or out-of-round tires are allowed only during the first 2/32" or 10% of the original tread.

Owner's Obligations

In order to be eligible for Galaxy Limited Warranty service, the owner must:

- Present the defective tire to an authorized Galaxy Radial Truck Tire dealer;
- Present proof of purchase to the satisfaction of the dealer;
- Pay the amount due on a new tire, less the amount of credit, including taxes, mounting and balancing charges or cost of other services ordered;
- Ensure proper tire care, lawful operation of vehicles, proper inflation and load levels in accordance with vehicle and applicable tire guides, and adherence to government regulations.

Legal Rights

To the extent permitted by law, YOHTA and its servicing agents shall not be held responsible for any of the following:

- Commercial Loss;
- Damage to or loss of property other than the tire itself;
- Incidental, indirect, special or consequential damages arising from any cause whatsoever, including negligence;

All warranties, promises and agreements, express or implied, of merchantability or otherwise, are excluded to the extent permitted by law.
